

# Do you have a digestive disorder?

Researchers at the National Institutes of Health (NIH) Clinical Center seek adults with disorders that affect the esophagus, stomach, intestines, or bowel to participate in research studies.

If you are at least 18 years of age you may be eligible to participate.

Research study procedures may include:

- Physical examination and medical history
- Collection of blood, urine, and stool
- Other tests depending on your diagnosis

**There is no charge for study-related procedures.  
All test results will be shared with your physician.**

For more information, call us:  
1-800-411-1222 (TTY: 1-866-411-1010)
