

Are you overweight?

Consider participating in a clinical research study.

The National Institute of Diabetes and Digestive and Kidney Diseases at the National Institutes of Health (NIH) Clinical Center in Bethesda, Maryland, is seeking overweight Caucasian males to participate in a study to collect data about changes in your energy expenditure when exposed to different environmental temperatures. All study-related tests are provided at no cost. Compensation is provided.

You may be eligible if you are:

- 18 -35 years of age
- Overweight with a Body Mass Index of 30-40
- In general good health
- Able to commit to a two week inpatient stay at the NIH Clinical Center

You may not be eligible if you have:

- A heart, liver, kidney, or thyroid condition
- Diabetes or iron deficiency
- High blood pressure
- Psychiatric conditions
