

# Healthy Overweight Volunteers

# Needed

Doctors at the National Institutes of Health (NIH) in Bethesda, Maryland, seek overweight volunteers for a research study. Doctors want to determine the effects of the medication colchicine on weight-related conditions.

## You may be eligible if you are:

- 18 or older
- Overweight and in good general health

## You may not be eligible if you:

- Have a medical condition such as diabetes or gout
- Are pregnant or breast feeding
- Are taking steroids or anti-inflammatory drugs (NSAIDs) like ibuprofen (Advil, Motrin)
- Use any tobacco products

## Study Information:

- This study involves 4 outpatient visits lasting 5-6 hours
- You may be assigned to take colchicine or a placebo (no-medicine) capsule for 3 months
- All study-related tests and medications are provided at no cost
- Compensation will be provided
